

Tabella 1

A 10x10 grid containing black 'X' characters. The pattern starts with a single 'X' at the top center. Below it, there are two rows of three 'X's each, forming a small square cluster. This is followed by a row of four 'X's. Then, there are two rows of five 'X's each, creating a larger rectangular cluster. After this, there are two more rows of five 'X's each, continuing the pattern. Finally, at the bottom, there are two rows of six 'X's each, completing the grid.
